Dear Valued Member,

Central Coast Leagues Club has been a centre point to life on the Coast for more than 60 years.

It's a familiar, much loved gathering place. Built by locals, for locals. It's where people come together to share food, fun, sport and laughter. It's a community.

Rich history inevitably comes with some challenges. And in our case the challenge is a building that no longer reflects the range or quality of experiences we want to offer members and patrons like you.

Following the major refurbishments that we completed in 2017, the Club commissioned an architect to develop a holistic masterplan that shows how our Central Coast Leagues Club can be modernised and transformed.

As you may be aware, the State Government has been consulting with residents of the Central Coast to ask them their opinions about the future of Gosford. More than 90% of people surveyed as part of this process said they believed a revitalisation of the city centre would be a positive move for our region.

Understanding that the State has plans to fundamentally transform neighbouring community amenities such as Ray Maher Field, developing a masterplan for the Central Coast Leagues Club is all about articulating our place within the broader process of urban transformation.

We have the potential to be the gateway to a newly revitalised city while at the same time greatly enhancing the amenities and experiences we provide to our members and guests.

Features of the masterplan include a vibrant alfresco dining precinct, improved pedestrian connections to Gosford city and the waterfront, hotel accommodation, along with new, state-of-the-art facilities for members and guests to enjoy.

Every journey starts with a single step, and this masterplan is the Club's first on a journey towards a truly modern, welcoming and fun future at Central Coast Leagues Club. It demonstrates the quality of amenities and experiences we want to provide to our members and guests while securing our position as a major employer and contributor to the local economy and community.

It's a bold and aspirational plan, and as a valued member we want to share our vision with you. If you are interested in future updates please register your email with us at www.cclc.com.au/membership/masterplanning.

Please enjoy this first look at our plans for a bright, fun future at Central Coast Leagues Club.

Warm regards,

Peter James (OAM)
Chairman
Central Coast Leagues Club

Central Coast Leagues has been at the heart of life on the Coast for more than 60 years. A rich history comes with some challenges, and our challenge is a facility that no longer reflects the quality and diversity of experiences we want to offer members like you.

We've developed a new master plan to show how our Club can be modernised and transformed as the city of Gosford evolves.

Features include a vibrant alfresco dining precinct, improved pedestrian connections to Gosford city and the waterfront, hotel accommodation, and with new, state-of-the-art facilities for members to enjoy.

Please enjoy this very first look at our plans for a bright, fun future at Central Coast Leagues Club and be sure to register your details with us on our website for digital updates.
